COMPANY PROFILE

Axed International was born out of a desire to create a higher standard for the beauty, manicure, pedicure & salon tools industry. In all aspects of our operations, from designing innovative products to working with customers new and old, we strive to focus on quality, performance and education, and that's exactly what we've been doing for our more than 10 years in the business.

Our instruments are of high quality and well design and all instruments are made according to the need and demand of our customers. We also provide free samples to our customers for their approval.

We are also ready to produce new products according to modern techniques. So, we encourage you to forward us your master samples or drawings enabling us to give you delivery according to your requirements.

Our behavior is friendly with our customers. Our mission is providing best quality of our products and increase customer’s satisfaction and establishes long-term relationships with customers.

We are committed to offer economical price, discount rate and quickly time delivery. Many of our customers wonder how we're able to provide prices that are lower than our competitors, especially considering the high-quality materials and designs that we offer. The answer is simple: Just as our Pakistani made products are designed for a high level of performance, so is our business model.

We are well recognized in global market due to our quality products. Our valued customers are very pleased and satisfied with our services and products.

Axed ensure the quality, durability and delivery of goods within stipulated time. We always try our best to win the smile of our valued customers with our quality products.

We are proud to say that our products are being supplied to the major marketing brands around the world, which are full of praise for the quality, we present. After so many years of experience and success, we are confidently inviting your esteemed organization to be our business partner. We are giving you an opportunity to check the quality of our products in every aspect.

We look forward to your requirements and establishing a mutually beneficial relationship with you.

Thank you!

The Axed International

QUALITY POLICY

Customer Satisfaction, Ethical Practices, Continuous Quality Improvement, Team work and Committed.

Leadership are the guiding principles of Axed International Quality Policy.

OUR COMMITMENTS

We are committed to produce high quality instruments with state of the art technology and workmanship without compromising on the quality, to the entire satisfaction and strictly in accordance with the specifications of our valued customers.

Committed to achieve the customer satisfaction by maintaining required quality parameters through an effective process of continuous improvement with in the framework of the company quality objectives. The company ensures communication and implementation of quality policy at all levels by reviewing its continuing suitability.

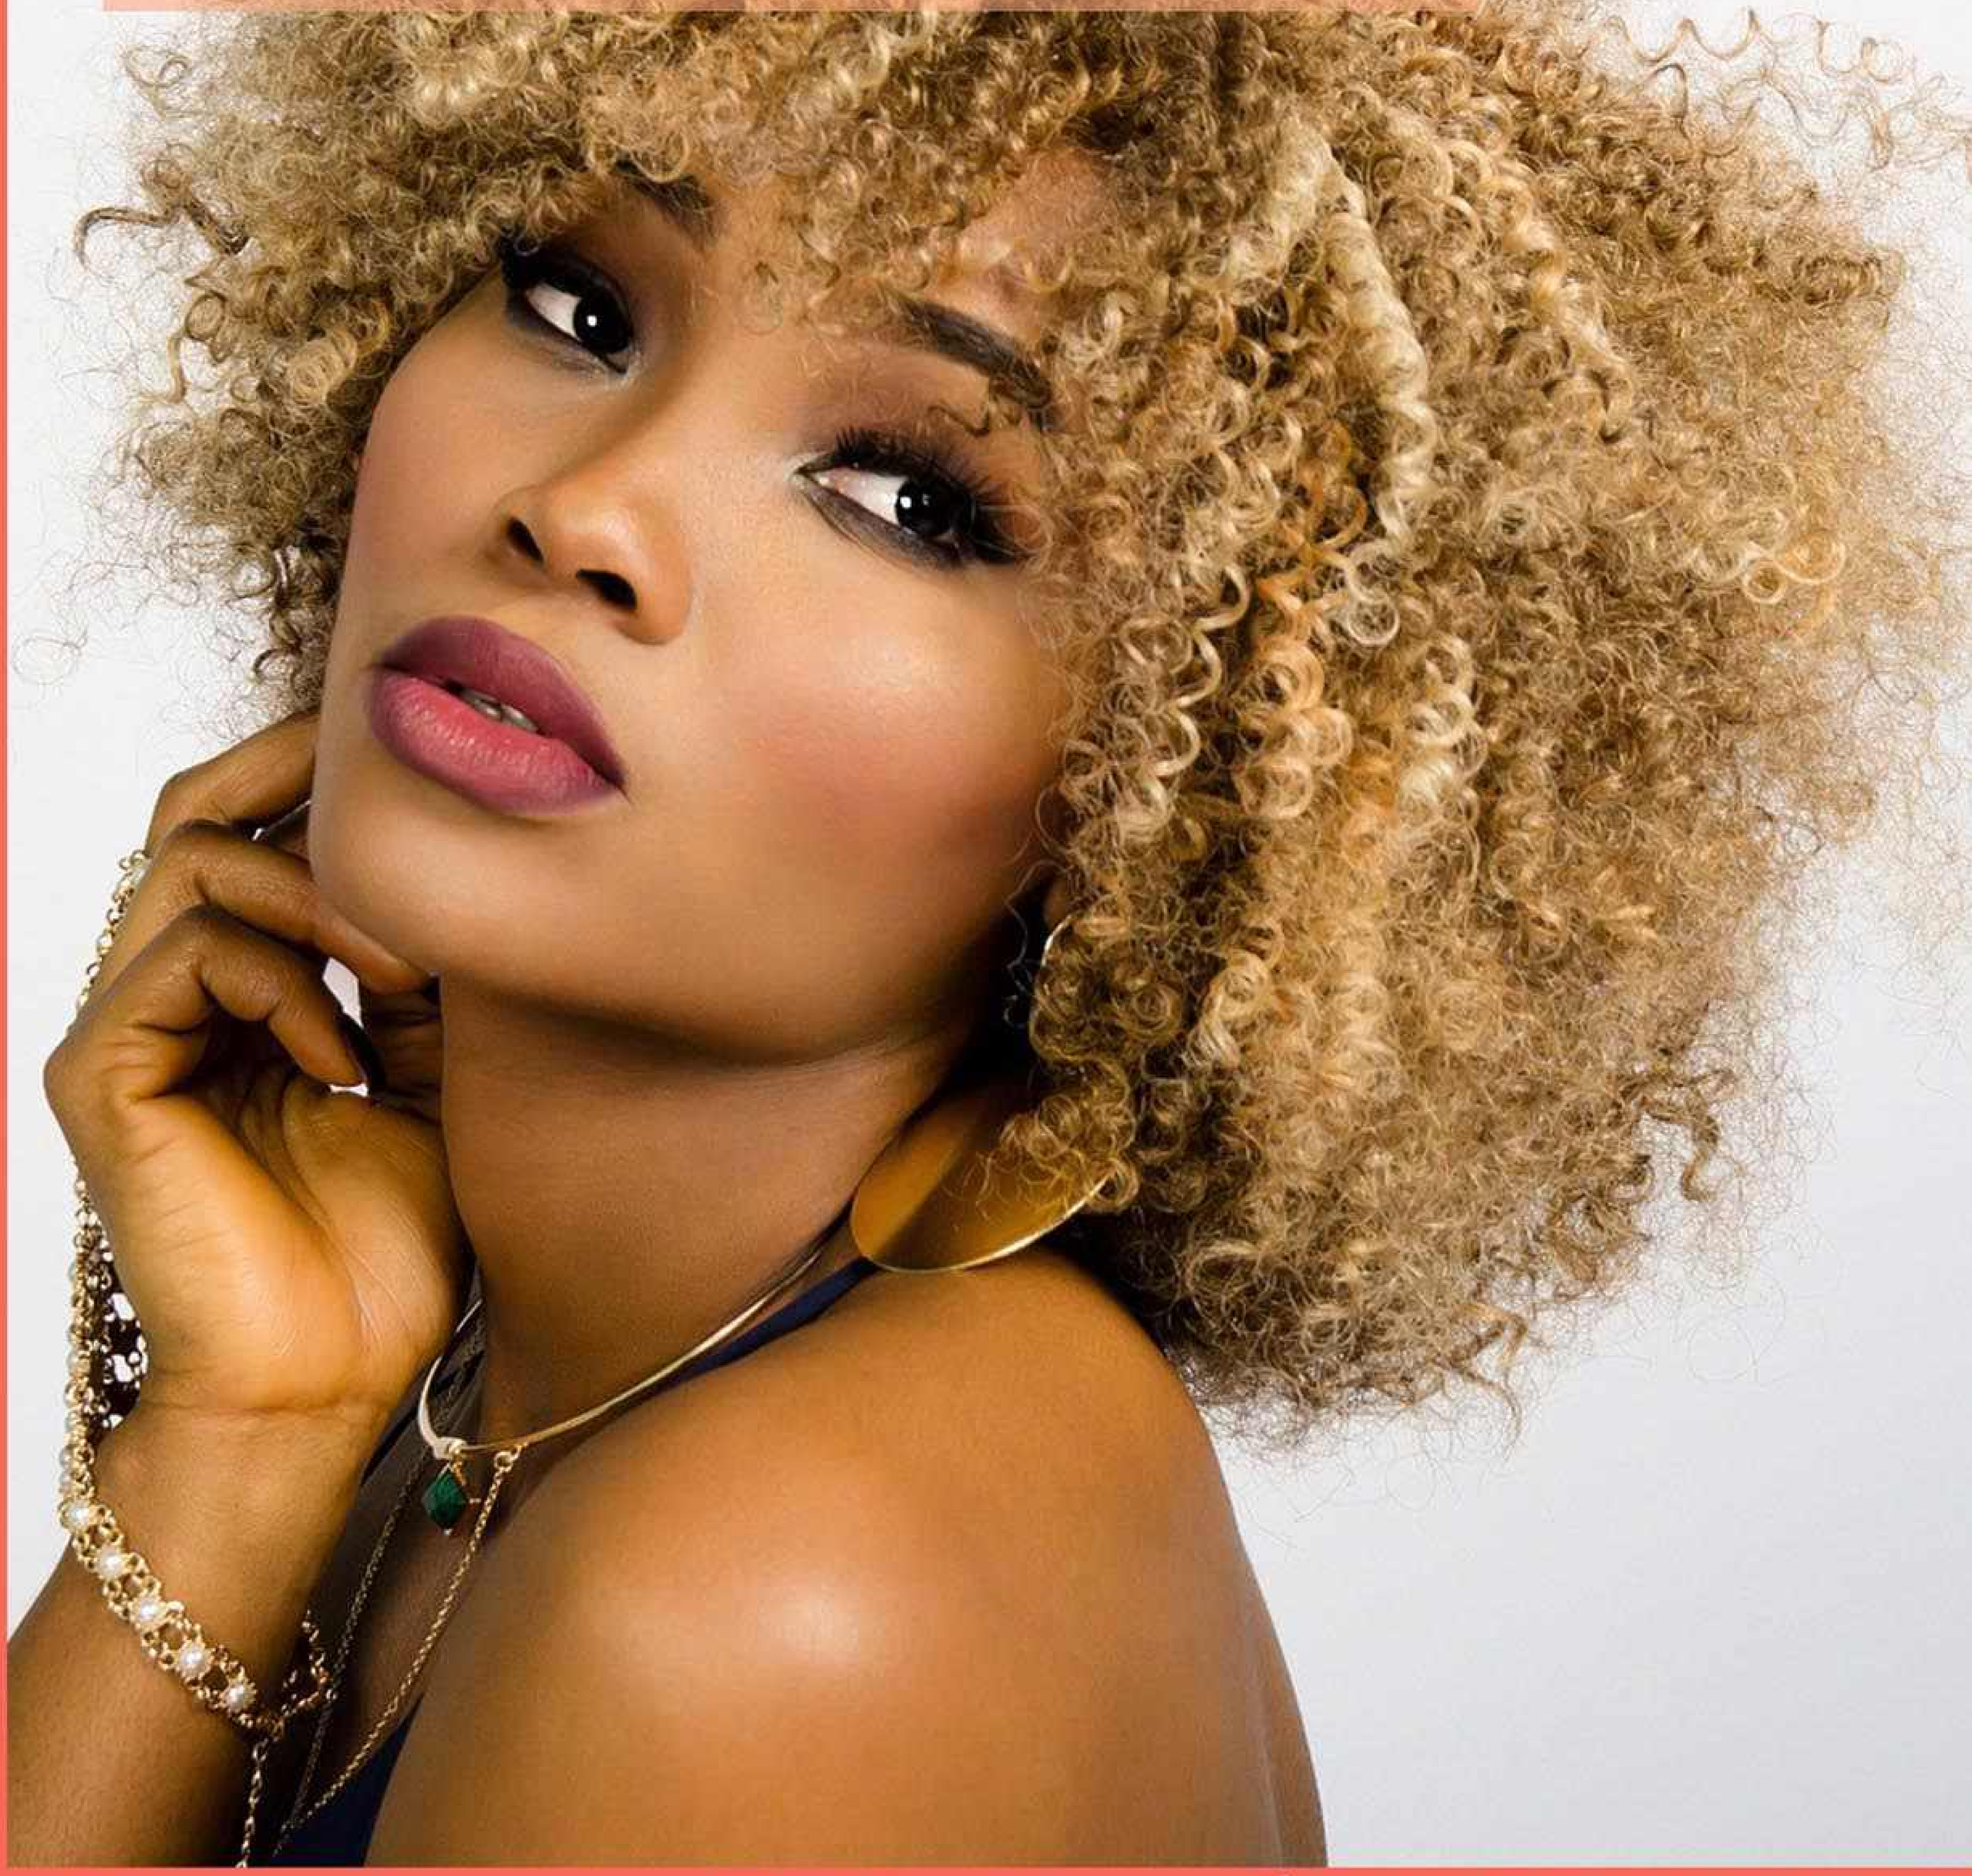

OBJECTIVES

>> To meet customers and users expectations by reducing the complaints to at least 3%
>> To meet legal and regulatory requirements at international level
>> To keep company rejection below 15%
>> To monitor and maintain the suppliers performance within a range of 90-100%
